MD. NAYIM HOWLADER

Data Analyst | Junior Data Scientist
Dhaka - 1100, Bangladesh
+8801857872494 | mdnayimhowlader66@gmail.com
LinkedIn | Github | Kaggle

PROFESSIONAL SUMMARY

Statistics student with hands-on experience in data analysis, statistical modeling, and machine learning. Proficient in Python and SQL, with practical expertise in data preprocessing, exploratory data analysis, statistical analysis, data visualization, and predictive modeling. Experience working with cross-sectional and time-series data, applying statistical and machine learning techniques to drive actionable insights and support data-driven decision-making.

PROFESSONAL EXPERIENCE

Data Analyst (Part time) | Sarte Fashion Ltd. | 02/2024 – 12/2025 | Dhaka Bangladesh

- Led the design, deployment, and optimization of statistical and machine learning models (GLM, Random Forest), to drive investment and demand forecasting strategies, improving portfolio performance by 20%.
- Architected Python-based automated data cleaning and preprocessing pipelines that reduced processing time by 40% and improved data accuracy by 12%, while conducting advanced sales and market analytics and collaborating with cross-functional stakeholders to operationalize model outputs into strategic, business-critical insights and executive-ready reports.

SKILLS

- **Programming & Query Languages:** Python, SQL, R, C, C++
- **Data Analysis & Statistics:** Pandas, NumPy, SciPy, SPSS, Statistical Analysis, Hypothesis Testing, Forecasting, Probability, Multivariate Analysis
- **Machine Learning & Deep Learning:** Scikit-learn, TensorFlow, PyTorch, GLM, Random Forest, XGBoost, NLP, Time Series, OpenCV, Predictive Modeling, Model Evaluation
- **Data Visualization & Business Intelligence:** Power BI, Matplotlib, Seaborn, Plotly, Microsoft Excel
- **Databases:** MySQL, PostgreSQL
- **Tools & Platforms:** Jupyter Notebook, Google Colab, Kaggle, Git, GitHub, PySpark, Streamlit, Docker
- **Core Competencies:** Data Analysis, Data Cleaning, Data Preprocessing, Feature Engineering, Predictive Modeling, Model Deployment, Data-Driven Decision-Making, Analytical Thinking, Problem-Solving

PROJECTS

- **TraceVision — AI-Powered Cross-Temporal Person Re-Identification & Visual Retrieval System** View Project
  Python | PyTorch | Torchreid | OSNet | YOLO | Computer Vision | Deep Learning | Streamlit—Developed and deployed an AI-powered computer vision application combining YOLO-based detection, OSNet person re-identification, tracking, and deep visual similarity search to retrieve and match individuals across images and video sequences captured at different times.
- **Customer Churn Prediction System** View Project
  Python | SQL | Scikit-learn | XGBoost | Streamlit | SHAP — Built an end-to-end churn prediction pipeline with feature engineering, class-imbalance handling, model evaluation, and an interactive dashboard.
- **House Price Prediction System** View Project
  Python | SQL | Scikit-learn | XGBoost | Streamlit — Built an end-to-end house price prediction pipeline with data preprocessing, feature engineering, exploratory data analysis, regression modeling, hyperparameter tuning, and model evaluation. Developed an interactive application to estimate property prices based on key property features.
- **Customer Segmentation & Marketing Analytics** View Project
  Python | SQL | K-Means | Power BI — Applied RFM analysis and K-Means clustering to identify customer segments and generate targeted marketing insights.

EDUCATION

- Bachelor of Science (Honours), Statistics
  Dhaka College, University of Dhaka | Expected Graduation: 2026
- Higher Secondary Certificate (HSC), Science
  Govt. Nalchity College, Jhalakati | Barisal Board | GPA: 4.50 | 2020
- Secondary School Certificate (SSC), Science
  Nandikathi Adarsha Secondary School | Barisal Board | GPA: 4.72 | 2018

CERTIFICATIONS

- Data Science and Machine Learning with Python – Ostad
- Applied Data Science with Python - IBM Skills Network
- Data Analyst: Career Preparation - IBM Skills Network
- Python for Machine Learning and Data Science - Great Leaning Academy
- Machine Learning with Python - IBM Skills Network
- Python for Data Science and Machine Learning – Udemy
- Python for Data Science & Machine Learning (CR1526) - UniAthena
- IBM DevOps and Software Engineering Professional Certificate - IBM Skills Network
- Hands On Python Data Science - Data Science Bootcamp - Udemy
- Complete Python and Machine Learning in Financial Analysis - Udemy
- Data Science: Python for Data Analysis Full Bootcamp - Udemy
- Statistics and Hypothesis Testing for Data science - Udemy
- Power BI DAX Mastery: Advanced Formulas and Data Analysis
- Learn MySQL from scratch for Data Science and Analytics
- SQL: From Zero to Hero Unleash the Data Superpowers - Udemy
- Machine Learning & Data Science for Beginners in Python - Udemy
- Data Analysis with Python - IBM Skills Network
- Machine Learning Basics - IBM Skills Network
- Machine Learning for Healthcare Applications - IBM Skills Network
- Diploma in Computer Office Application - BTEB, Dhaka

AWARDS AND ACHIEVEMENTS

- Champion, District Creative Talent Hunt Competition – 2019
- Champion, Regional Creative Talent Hunt Competition – 2019
- Champion, District Science Olympiad – 2020
- Champion, District Science and Technology Fair – 2019
- Champion, Regional Science and Technology Fair – 2019
- National Award Winner, National Science and Technology Fair – 2019
- Achieved 12+ certificates in extracurricular, academic, & leadership activities

LEADERSHIP ACTIVITIES

- President, Jhalakati District Students Welfare Association of Dhaka
- Former Executive Member, Bangladesh Scouts – Barishal Region
- Former Cultural Secretary, Nalchity Upazila Student Association of Dhaka
